

## area

Cologne is quite small with one main shopping area. From the station, cross the square by the Dom cathedral and follow Hohestr. to Schilder Gasse. Both main streets are shop lined pedestrian walkways. Here you will find some up market shoe stores and also more volume level outlets. At Neu Markt Square cut through the covered arcade to reach the shopping streets to the West, then head back via Breitestr and Minoriten Kirche.

## getting around

Allow a couple of hours to follow this route around Cologne. Trains run every 1/2 hour from Dusseldorf and the journey takes about half an hour (don't take the stopping suburban trains).

## opening hours
